SUMMARY

I have 2+ years of experience in web development. I am skilled in a variety of technologies and techniques, including front-end and back-end development. My experience has allowed me to develop a strong understanding of the full web development process and I am able to create user-friendly, and visually appealing websites. I am dedicated professional who is committed to delivering high-quality results and continuously improving my skills.

EXPERIENCE

04/2022 - 06/2023

Pakistan, Karachi

Front End Developer
Divronix Solution

In my role as a Front-End Developer, I specialize in utilizing key web technologies to create engaging and user-friendly interfaces. Proficient in HTML, CSS, JavaScript, jQuery, and Bootstrap, I bring a diverse skill set to the development process.

08/2023 - 02/2025

Pakistan, Karachi

Web Developer
OS Tech Hub

In my role as a Web Developer, I specialize in creating engaging interfaces using HTML, CSS, JavaScript, jQuery, Bootstrap, WordPress, and PHP. Proficient in diverse web technologies, I go beyond interface design, actively contributing to enhanced website functionality, particularly in developing custom solutions for WordPress. This involves crafting unique themes and plugins to meet client requirements, ensuring both visual appeal and seamless, tailored user experiencesl

EDUCATION

Software Engineering
I have completed a 3-year Diploma in Software Engineering from Aptech Institute.
